

## Hydrostatic Power Steering System

/ R series forklifts are equipped with a hydrostatic power steering system that works to reduce steering effort and reduce fatigue over long hours of operation. Completely hydraulic in design with no mechanical linkages, the smooth operation of this system helps to eliminate kickback and oversteer characteristics.

## Advanced Technology for Superior All-round Performance

/ W19A&W14B series forklifts are now equipped with a new 2-stage stator torque converter that helps to improve allround work efficiency by providing smoother, fatigue-free operation. Making it unnecessary for the operator to shift from low to high gear (1st-2nd), the 2-stage stator torque converter is designed to eliminate shift shock. This greatly improves operator comfort-especially during long work shifts-and reduces the possibility of rocking the pallet when accelerating the forklift.

## R Series Diesel / LPG / Dual fuel Counterbalanced Trucks

with capacities of 5,000 to 7,000kg

The World of Hangcha

## Non-slip Floor and Step

/ The wide-open step is not only convenient to access but safer thanks to anti-slip mats. To further improve safety in demanding work conditions, the floor board is constructed of embossed steel to reduce the possibility of slipping.

## Options

- / 2.5-6.0m duplex mast
- / Special carriage and backrest
- / Solid tyre
- / Cabin
- / Heater and air conditioner
- / Other dimension forks
- / Sideshifter
- / Other attachment
- / Fire extinguisher
- / Suspension seat
- / Dual air cleaner or special air cleaner
- / Rear working light
- / Customer painting
